

# Fight the Bite

## Prevent West Nile Virus

### Flush all sinks & floor drains

in your work area twice a week from May to November, even the hidden ones!  
Don't assume someone else will do it.

**FM treats outdoor standing water**  
with a safe mosquito larvicide

**We need your help**  
preventing indoor mosquito breeding

**Pour all liquids from bottles, cups and soda cans into sink**  
before putting in trash or recycling

**Use insect repellent**  
(DEET, picaridin, or oil of lemon eucalyptus)  
If outdoors at dawn, dusk or night

**Report new standing water/mosquito concerns to**  
**Facilities Management: 621-3000**
